

## **EURO-MED 4<sup>a</sup> convocatoria búsqueda de socios FRANCIA**

- [Open Tourisme Lab](#)

French association interested in participating (as a partner) in a project focusing on the development of innovative sustainable tourism practices. Open Tourisme Lab works on innovative practices and modes of governance in tourism: sustainable tourism in insular environments; improving the practices of tourism stakeholders; sustainable tourism strategies for local stakeholders.

Contact: Emmanuel BOBIN ([ebobin@opentourismelab.com](mailto:ebobin@opentourismelab.com))

- [Capenergie](#)

French association and competitiveness cluster specializing in low-carbon energy sources. Capenergie is interested in joining a partnership (as a partner) in two distinct areas:

- Decarbonization of the construction sector in the Mediterranean islands (construction, renovation of buildings...)

- the development of a pilot project for the use of cooking oils as fuel for tourist vessels.

Contacts: David CAMPOS ([david.campos@capenergies.fr](mailto:david.campos@capenergies.fr)) and Elisa SEDAT ([elisa.sedat@capenergie.fr](mailto:elisa.sedat@capenergie.fr))

- [Conseil Départemental des Bouches du Rhône \(CD13\)](#)

French territorial authority at sub-regional level. CD13 is interested in integrating as a partner a consortium working on designing, testing or transferring strategies or methodologies to preserve endogenous trees, in particular reinforcing the resilience of the territory and the capacity to respond to the risk of fire.

Contact: Ariel CARPANINI ([ariel.carpanini@departement13.fr](mailto:ariel.carpanini@departement13.fr))
